## INDIAN MERIDIAN MONUMENT CIRCA 1922

# RESTORATION 2012

*The Langston University Center for Community Engagement has undertaken a project initiated by the town of Langston City to restore the historic Indian Meridian Monument.*

*The conceptual design above shows what the finished project could look like with your help. The center is developing a "Buy-a-Brick" campaign, which allows individuals, families, businesses, etc. to become a part of the legacy of the monument by having their names permanently engraved at the site.*
