Hello!

This document is the initial outcome of a project by the Destination Development Section of the Oklahoma Tourism and Recreation Department. It has been researched and compiled to better equip Oklahoma communities and attractions entities in their tourism funding endeavors. Please realize that it is only a gathering of information to the combursum research phase of grant writing. This list in no way reflects an endorsement from the Oklahoma Tourism and Recreation Department, nor a certainty that the funder is current and interested in your project. The list includes, Federal & State government grants as well as corporate and foundation funding. Funding ranges from \$50 to 7 figures. Many of the grants only fit certain geographic locations and they are indicated as well. Categories or the types of projects the funders are interested in are also indicated. Please use the websites listed for further information.

We plan to keep adding information and to make corrections. So, if you come across a correction, please e-mail it to Melyn@TravelOK.com or Barbie@Travelok.com.

Good luck!
