PRESIDENT ELECT CANDIDATE BIOS

Voting link located in our email. Voting will close on Monday, August 7, 2017

Nate Goodwin
 Oklahoma State University-OKC

As a President Elect candidate, I will put students first and I will be a candor leader who represents OACADA with professionalism. My personal code of conduct is to be concise, student-centric, and be a man who is consistent. I want students to get the best education they deserve and I want to be surrounded by people who have the same vigor as I do for helping young adults. I have 10 years of experience as a teacher and as an administrator in private and public education systems. I am respected in the community for my volunteer services and I naturally have a selfless attitude to help others.

I will make a concentrated effort to gain the trust of all the OACADA members in my term of office by setting a positive example as an educational leader. When you cast your votes for the next President Elect candidate this year, I encourage you to think of me as a renaissance man who is willing to do what is right for students and I am a man who is ready to accept new challenges for OACADA.

Chris Jeffries
 University of Oklahoma

I have been an Advisor at the University of Oklahoma for over 2 years. I hold a Masters in Business Administration and Green Belt Lean/Six Sigma Certification and currently serve as Co-Chair of the Provost Advising Retreat Committee, in addition to being a member of OACADA. In addition, I have served on multiple scholarship committees.

Each student comes with a different story, so it is necessary to meet them where they are at academically and emotionally. I believe that one of my greatest skills is the ability to consider various view points and understand the importance of listening more than speaking.

When you listen to others, you grow as an individual. Advising is crucial to the success of our students and my hope is that I can assist with the creation of new and innovative ways to reach out to advisors and students. I will bring a fresh prospective to the committee and be open to new ideas from all members that will foster an inclusive environment. I hope that you will consider me when selecting your next OACADA President-Elect.

OACADA
