

OKLAHOMA VETERAN FAMILIES WELLNESS ALLIANCE

5th Annual Speed Sharing Event

Everyday our Service members and Veterans face unique challenges – frequent moves, multiple deployments, reintegration and even spiritual traumas of war. Some are confronted with serious physical and mental health challenges that extend far beyond the battlefield while others cope with changing family dynamics. When issues arise at home, they may turn to their local community for support and resources. **They may turn to you.**

Join the Oklahoma Veteran Families Wellness Alliance and the Oklahoma National Guard for the **5th Annual Speed Sharing Event** – an interactive event that allows participants to share an organizational fact sheet and speak for 3 minutes about the resources and services offered by their organization.

June 10th, 2016 | 9:00 a.m.
National Guard Training Institute
6500 N Kelley Ave
Oklahoma City, OK 73111

**A light breakfast
will be served!**
