

**We hope this message finds you well. NC-SARA has commissioned the assistance of the National Center for Higher Education Management Systems to conduct a study of the return on investment (ROI) that state membership and institution participation in NC-SARA's reciprocity agreement provides. Some similar studies at the regional level were conducted in the past, and this is now a nation-wide study to share the total savings. Please take a few minutes to respond to this survey so that we may accurately compile results for the study. Thank you very much for your response and your participation in NC-SARA.**
