

COIL Meeting
March 27th, 2015
OU Bizzell Library
1:00-2:30

- I. Introductions & Get-to-Know-You Activity**
- II. Updates on unCOILED 2015: Reframing Information Literacy**
- III. Google Presentation**

Cheryl McCain, First-Year Experience Librarian, will give a 30-minute presentation (with clickers) on Google, Google's Advanced Search, and Google Scholar. This is an interactive presentation she has given to OU students with much success. Offer some feedback, gain some Google insight, and think about ways you can adapt it for your own students.

IV. Bizzell Library Walk-About

Check out the spaces we will be using for the unCOILED workshop. (Great opportunity for an informal tour if you've never seen Bizzell before – like Megan!)
